

Dear Protectors of the Media Airways: To allow Sinclair to pre-empt the public right of way with a smearpiece called Stolen Honor shows themselves as Stolen from the Common Good. Electioneering is against federal law. I for one, of the MANY, who pay attention to such outrageous manueurs ask that the FCC intervene. This "assault" on the public, for which it stands, will boomerang back to Sinclair Broadcasting, with the intervention by the FCC. Sincerely, Barbara in Denver
